Director Lester Snow
CALFED Bay-Delta Program
1416 Ninth Street, Room 1155
Sacramento, CA 95814

Dear Director Snow:

In November I forwarded a letter from the Humboldt Bay Municipal Water District regarding questions about how that District would be affected by the implementation of the CALFED proposal. Your staff has been in contact with my office regarding the matter and I understand that you will be letting me know when the problem is resolved.

Since that time I have received two more letters expressing similar concerns, copies of which are attached. Would you please have your staff contact Humboldt Community Services District and the McKinleyville Community Service District in order to directly address their concerns and answer any questions they may have?

Your help with this matter is truly appreciated.

Sincerely,

Virginia Strom-Martin
Assemblymember, First District
